Sub: Revised RTDA Statements for the Billing Period from April 2024 to April 2026-Reg.

Ref: All RTA - RTDA Account Statements issued for the Billing Period from April 2024 to April 2026 & their corresponding revisions.

महोदया/ महोदय/ Madam / Sir,

Reference is invited to the above referred letters, wherein the RTA-RTDA statements were issued as per the respective NLDC Notifications. The revisions have been carried out for the following reasons:

1. Revised SEM files for Karnataka and Telangana were received from SRLDC vide e-mail dated 11.06.2026. SRLDC informed that the drawal data for Karnataka and Telangana has been revised with effect from 31.03.2026 (00:00 hrs) to 31.05.2026 due to a change in the CT ratio of the 400 kV RTPS (Karnataka) – Mahabubnagar (Telangana) inter-State transmission line.
2. For M/s. JSW Renew Energy Two Ltd. (Wind) at Karur, the TGNA rate corresponding to the S1 bid area was inadvertently considered instead of the applicable S2 bid area during computation. The error has since been rectified.
3. For all other entities, the revisions have been carried out primarily to rectify inadvertent errors identified during the computation of actual values.

Accordingly, the revised RTDA statements for the Billing Period from April 2024 to April 2026 is attached herewith at **Annexure**. The same is also made available on SRPC website (www.srpc.gov.in) for necessary action by all concerned.

संलग्नक: यथोपरि/ Encl: as above.

भवदीय/Yours faithfully,

31/7/2026
